INDEPENDENT AUDITOR’S REPORT

The Board of Directors
LOYAC Private Training and Consulting Company W.L.L. and its Subsidiary
State of Kuwait

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of LOYAC Private Training and Consulting Company W.L.L. (the “Parent Company”) or (“LOYAC”) and its Subsidiary (together referred to as the “Group”), which comprise the consolidated statement of financial position as at 31 December 2014, and the consolidated statements of activities and other comprehensive income, changes in equity and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management’s Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
INDEPENDENT AUDITOR’S REPORT (CONTINUED)

LOYAC Private Training and Consulting Company W.L.L. and its Subsidiary

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Group as at 31 December 2014, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards.

Report on Other Legal and Regulatory Requirements

We further report that we have obtained the information and explanations that we required for the purpose of our audit and the financial statements include the information required by the Companies Law No 25 of 2012, as amended, its executive regulations, and LOYAC’s articles of association. In our opinion, proper books of account have been kept by LOYAC and an inventory count was carried out in accordance with recognized procedures. We have not become aware of any contravention, during the year ended 31 December 2014, of the Companies Law No 25 of 2012, as amended, its executive regulations, or of LOYAC’s articles of association, that might have had material effect on the Group’s activities or on its consolidated financial position.

The notes on pages 7 to 24 are an integral part of these financial statements.
1. Reporting entity

LOYAC Private Training and Consulting Company W.L.L. ("LOYAC" or "the Parent Company") is a limited liability company that was established in the State of Kuwait on 25 May 2004.

LOYAC is a non-for-profit organization working towards the overall development of the youth and its primary objective is establishing national training institutes.

The consolidated financial statements comprise the Parent Company and its Subsidiary (together referred to as "the Group"). The directly owned subsidiary by the Parent Company is as follows:

<table>
<thead>
<tr>
<th>Name of the company</th>
<th>Country</th>
<th>% of ownership</th>
<th>Principal activities</th>
</tr>
</thead>
<tbody>

<td>100%</td>
<td>Theatrical production</td>
</tr>
<tr>
<td>Ahmad Mohammed Al Saqqaf &amp; Partners) W.L.L.</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

LOYAC is domiciled in Kuwait and its office is located at Al Qibliya School, Kuwait City and its registered postal address is P.O. Box 70451, Shuwikh 64058, State of Kuwait.

The total number of employees of the Group as at 31 December 2014 was 35 (2013: 28).

The consolidated financial statements were authorized for issue by the Board of Directors on 17 June 2015.

2. Basis of presentation

a) Statement of compliance

The consolidated financial statements have been prepared in accordance with the International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board (IASB), interpretations issued by the International Financial Reporting Committee of the IASB.

b) Functional and presentation currency

The consolidated financial statements are presented in Kuwaiti Dinars ("KD") which is LOYAC’s functional currency.

c) Basis of measurement

The consolidated financial statements are prepared on amortized or historical cost basis, except for contributed services and materials which are measured at fair value.

The consolidated statement of activities and other comprehensive income is a consolidated statement of financial activity related to the current year, it is not a performance measure and it does not purport to present the net income or loss for the period as would a consolidated statement of comprehensive income for a profit oriented entity.
Net assets, expenses, revenues, gains and losses are classified based on the existence or absence of sponsor imposed restrictions. Accordingly, the net assets, revenues and expenses of LOYAC and changes therein are classified and reported in the notes to the consolidated financial statements as follows:

*Unrestricted net assets* - Net assets that are not subject to any sponsor imposed stipulations that may be designated by the board members for any program activities or purchase of equipment.

*Temporarily restricted net assets* - Net assets subject to sponsor imposed restrictions on their use that have to be met by actions of LOYAC.

*Permanently restricted net assets* - These represent primarily capital and transfers to the statutory reserve.

d) **Estimates and judgments**

The preparation of consolidated financial statements in conformity with IFRSs require management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and any future periods affected.

**Determining fair values**

The following accounting policy and disclosures require determination of fair value. Fair values have been determined based on following methods:

**Contributed services and materials**

The fair value of contributed services and donated materials is based on what LOYAC would have paid for similar services/materials had they not been contributed/donated and is determined based on the assumptions that market participants would use in pricing the contributed service/material.
3. Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these consolidated financial statements.

a) Basis of consolidation

The consolidated financial statements of the Group include the Parent Company and its Subsidiary as referred to in Note 1.

Subsidiaries

Subsidiaries are those enterprises controlled by the Group. Control exists when the Group has the power, directly or indirectly, to govern the financial and operating policies of an enterprise so as to obtain benefits from its activities. In assessing control, potential voting rights that currently are exercisable are taken into account. The consolidated financial statements of the subsidiaries are included in the consolidated financial statements from the date that control effectively commences until the date that control effectively ceases. Intra-group balances and transactions, including intra-group profits and unrealised profits and losses are eliminated on consolidation. The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances.

Non-controlling interests

Non-controlling interests represent the share of results and net assets in consolidated subsidiaries not held by the Group. Non-controlling interests is presented separately in the consolidated statements of income, comprehensive income and equity.

Loss of control

On the loss of control, the Group derecognises the assets and liabilities of the subsidiary, any non-controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in profit or loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost. Subsequently it is accounted for as an equity-accounted investee or as an available-for-sale financial asset depending on the level of influence retained.

Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements. Unrealised gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group’s interest in the investee. Unrealised losses are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment.
b) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, unrestricted balances and short-term deposits with original maturities of three months or less. The carrying amount of money market instruments approximate its fair value at the consolidated statement of financial position date due to the short term maturity of those instruments. For the purpose of the consolidated statement of cash flows, cash equivalents are short term liquid instruments that are both:

- Readily convertible to known amounts of cash; and
- So near to their maturity that they present insignificant risk of changes in value because of changes in interest rates.

c) Property and equipment

Property and equipment are measured at cost less accumulated depreciation and impairment losses. Depreciation is recognized in the consolidated statement of comprehensive income and activities on a straight line basis over the estimated.

The estimated useful lives for the current and comparative periods are as follows:

- Furniture and fixtures: 5 years
- Office equipment: 3 years
- Computers and accessories: 3 years

d) Intangible assets

Intangible assets acquired by LOYAC which has a finite useful lives, are measured at cost less accumulated amortization and accumulated impairment loss.

Amortization is calculated over the cost of the asset and recognized on a straight line basis in the consolidated statement of activities and other comprehensive income over the estimated useful lives of intangible assets, from the date they are available for use as this most closely reflects the expected patterns of consumption of the future economic benefits embedded in the asset.

The estimated useful lives for the current year are as follows:

- Computer software: 3 years

The gain or loss arising from disposal of intangible asset is recognized in the consolidated statement of activities and other comprehensive income and is determined as the difference between the net disposal proceeds, if any, and the carrying amount of the asset.

e) Receivables

Receivables are amounts due from sponsors and/or students for contributions made or services performed in the ordinary course of business. Receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less impairment losses (Note3 (f)).
f) Impairment

Financial assets

Financial assets are reviewed at the reporting date to determine whether there is objective evidence of impairment. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset. If any such indication exists, the asset’s recoverable amount is estimated.

An impairment loss in respect of a financial asset measured at amortized cost is calculated as the difference between its carrying amount, and the present value of the estimated future cash flow discounted at the original effective interest rate.

Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics.

All impairment losses are recognized in the consolidated statement of activities and other comprehensive income.

An impairment loss is reversed if the reversal can be related objectively to an event occurring after the impairment loss was recognized. For financial assets measured at amortized cost, the reversal is recognized in the consolidated statement of comprehensive income and activities.

Non-financial assets

The carrying amounts of the LOYAC’s non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset’s recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the “cash-generating unit”).

An impairment loss is recognized if the carrying amount of an asset or its cash-generating unit exceeds its estimated recoverable amount. Impairment losses are recognized in consolidated statement of activities and other comprehensive income.

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset’s carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized. A reversal of an impairment loss is recognized immediately in the consolidated statement of activities and other comprehensive income.
g) Employee benefits

*Kuwaiti employees*

Pensions and other social benefits for Kuwaiti employees are covered by the Public Institution for Social Security (PIFSS) Scheme, to which employees and employers contribute monthly on a fixed-percentage-of-salaries basis. LOYAC’s share of contributions to this scheme, which is a defined contribution scheme, is charged to the consolidated statement of activities and other comprehensive income in the year to which they relate.

*Expatriate employees*

Expatriate employees are entitled to an end of service indemnity payable under the Kuwait Labor Law and LOYAC’s by-laws based on the employees’ accumulated periods of service and latest entitlements of salaries and allowances. Provision for this unfunded commitment, which represents a defined benefit plan, has been made by calculating the notional liability had all employees left at the reporting date.

h) Provisions

A provision is recognized in the consolidated statement of financial position when LOYAC has a legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect is material, provisions are determined by discounting the expected future cash flows at a rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

i) Inventories

Inventories mainly represent soccer uniform kits held for resale in the ordinary course of business and materials and supplies to be consumed in the rendering of services.

Inventories are stated at the lower of costs and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

The cost of inventories is based on the weighted average cost principle and includes expenditure incurred in acquiring the inventories and bringing them to their existing location and condition.

j) Deferred contributions

Deferred contributions represent the excess balance of operating and supporting revenue, over expenditure incurred during the year on student training programs. The contributions are utilized towards the related programs/activities during the forthcoming year.
k) Revenue recognition

i. Contributions and donations

Contributions, which include unconditional promises to give (pledges), are recognized as revenues when they become receivable. Conditional contributions are recorded when the conditions have been substantially met. Contributions are considered to be unrestricted unless specifically restricted by the sponsor.

LOYAC classifies contributions as temporarily restricted net assets if they are received with sponsor stipulations as to their use. When a sponsor restriction expires, that is, the purpose of restriction is accomplished; temporarily restricted net assets are released and reclassified as unrestricted net assets in the consolidated statement of comprehensive income and activities. Sponsor restricted contributions are initially recognized as temporarily restricted net assets, even if it is anticipated that such restrictions will be met in the current reporting period.

Projects and programs revenue, which arises principally from corporate contributions, individual contributions, contributed services and student training programs is recognized upon the provision of the services.

ii. Contributed services and donated materials

Contributed services are reported at fair value in the consolidated financial statements for voluntary donations of services. Contributed services are accounted for as income and expenses when received.

Donated materials are stated at their fair value at the date of receipt and are accounted for as income and expenses at the equivalent amount when received.

iii. Interest income

Interest income is recognized as it accrues in the consolidated statement of comprehensive income and activities, using the effective interest method.

l) Expenditures

Expenditures are recognized as they accrue. Expenditures for conducting key programs comprise of fees paid to program sponsors and other related expenditure incurred, which are accounted for program-wise.
4. Prepayments and other receivables

13. Equity (net assets)

a) Share capital

Share capital comprises of 100 shares at a nominal value of KD 200 each (2013: KD 200), which are distributed among the owners as follows:

<table>
<thead>
<tr>
<th>Owner:</th>
<th>Shares</th>
<th>Amount KD</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sheikha Amal Al-Sabah</td>
<td>14</td>
<td>2,800</td>

<td>14</td>
<td>2,800</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>100</strong></td>
<td><strong>20,000</strong></td>
</tr>
</tbody>
</table>

Subsequent to the reporting date and by virtue of amendments to the Articles of Association No. 404 dated 10 February 2015, certain owners exited the Company and their shares were renounced to the other partners as follows:

<table>
<thead>
<tr>
<th>Owner:</th>
<th>Shares</th>
<th>Amount KD</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fareah Al-Saqqa</td>
<td>18</td>
<td>3,600</td>

</tr>
</tbody>
</table>
a) Statutory reserves

In accordance with the Companies' Law and LOYAC's articles of association, 10% of the surplus for the year is required to be transferred to the statutory reserve. The owners may resolve to discontinue such annual transfers when the reserve totals 50% of the paid up share capital. The reserve is not available for distribution except for payment of a dividend of 5% of paid up share capital in years when profit is not sufficient for the payment of such dividend.

b) Voluntary reserve

In accordance with LOYAC's articles of association, 10% of surplus for the year shall be been transferred to the voluntary reserve. Such transfers can be discontinued by a resolution from the owners in the annual general assembly meeting upon recommendation by the board members. There are no restrictions on the distribution of this reserve.

c) Classification of net assets

Unrestricted and temporarily restricted net assets represent the following as at 31 December:

<table>
<thead>
<tr>
<th></th>
<th>2014</th>

19. Financial instruments and risk management

LOYAC has primary exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

This note presents information about LOYAC’s exposure to each of the above risks, LOYAC’s objectives, policies and processes for measuring and managing risk, and LOYAC’s management of its capital.

The Board of Directors at LOYAC has overall responsibility for the establishment and oversight of LOYAC’s risk management framework.

LOYAC’s risk management policies are established to identify and analyze the risks faced by LOYAC, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and LOYAC’s activities. LOYAC, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

LOYAC in the normal course of business uses various types of financial instruments.

Credit risk

LOYAC is exposed to credit risk in respect of losses that would have to be recognized if counterparties fail to perform as contracted.

LOYAC’s exposure to credit risk is primarily in respect of other receivables, bank balances and contribution receivables. As at the reporting date, LOYAC’s maximum exposure to money market fund credit risk is equal to the carrying amounts disclosed in the consolidated statement of financial position.

The maximum exposure to credit risk as at the reporting date was:

</tr>
</tbody>
</table>

22
LOYAC limits its exposure to credit risk by only placing funds with counterparties with appropriate credit ratings. Given these credit ratings, management does not expect any counterparty to fail to meet its obligations.

The management believes that, as at the reporting date, there were neither past due nor impaired financial assets and accordingly no collateral in respect of receivables is required.

**Liquidity risk**

Liquidity risk is the risk that the LOYAC will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. LOYAC’s approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to LOYAC’s reputation.

LOYAC limits its liquidity risk by monitoring on a regular basis that sufficient funds are available to meet maturing obligations. In addition, LOYAC maintains adequate amounts of cash and cash equivalents to meet working capital requirements.

LOYAC’s financial liabilities are non-derivatives and mature within one year.

**Market risk**

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect LOYAC’s income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimizing the return.

*Equity price risk*

Equity price risk is the risk that the value of an instrument will fluctuate as a result of changes in equity market prices, whether caused by factors specific to an individual investment, issuer or all factors affecting all instruments traded in the market.

LOYAC is not exposed to equity price risk as at the reporting date.

*Interest rate risk*

Interest rate risk arises from the possibility that changes in interest rates will affect the value of financial instruments.

The majority of LOYAC’s financial assets are non-interest bearing. LOYAC is exposed to interest rate risk only on its call deposits with banks and money market fund. Interest bearing financial assets mature or reprise in the short term, no longer than twelve months. As a result, LOYAC is subject to limited exposure to fluctuation in interest rate.
Currency risk

Currency risk is the risk that the value of the financial instrument will fluctuate due to changes in foreign exchange rates.

LOYAC is not exposed to significant currency risk as at the reporting date.

Fair value of financial instruments

The fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm’s length transaction. Underlying the definition of fair value is the presumption that the Company is a going concern without any intention or need to liquidate, curtail materially the scale of its operations or undertake a transaction on adverse terms.

Financial instruments comprise financial assets and financial liabilities.

The directors consider that the carrying amounts of financial assets and liabilities recognized in the consolidated financial statements approximate their fair values.

LOYAC does not have any financial instruments measured at fair value as at the reporting date and therefore the disclosure of fair value measurements by level using a fair value hierarchy is not applicable.

Capital risk management

The management’s policy is to maintain a strong capital base to sustain future development of the organisation. The management monitors the income from sponsorship fees, donations, training program and other activities’ fees through operating cash flow management. The management seeks to maintain a balance between the funding received from sponsors and the expenses incurred on training programs and other activities to achieve a sound capital position.

There were no changes in LOYAC’s approach to capital management during the year.

LOYAC is subject to externally imposed capital requirements, expect for the minimum capital requirements stipulated by the companies law, in relation to limited liability companies.

20. Comparative figures

The financial statements provide comparative information in respect of the previous year. Where necessary, certain comparative figures have been reclassified to conform to the current year’s presentation. Such reclassifications did not affect previously reported statement of activities and other comprehensive income, equity or opening balances of the earliest comparative period presented.
